

#PRETTYFORPROM

The ladies of Pretty were busy in March, making up the beautiful Junior Ladies of Avonworth High School! Their yearly fashion show helps to raise money for their junior and senior prom. The junior girls were the models for the show, as they modeled the latest prom trends of the year. We enjoyed our time with these awesome ladies and for them to allow us to be part of their event! We highly recommend, if you haven't done so already, to book your prom hair and makeup now! We have Prom Specials and would love to get you...Pretty For Prom!

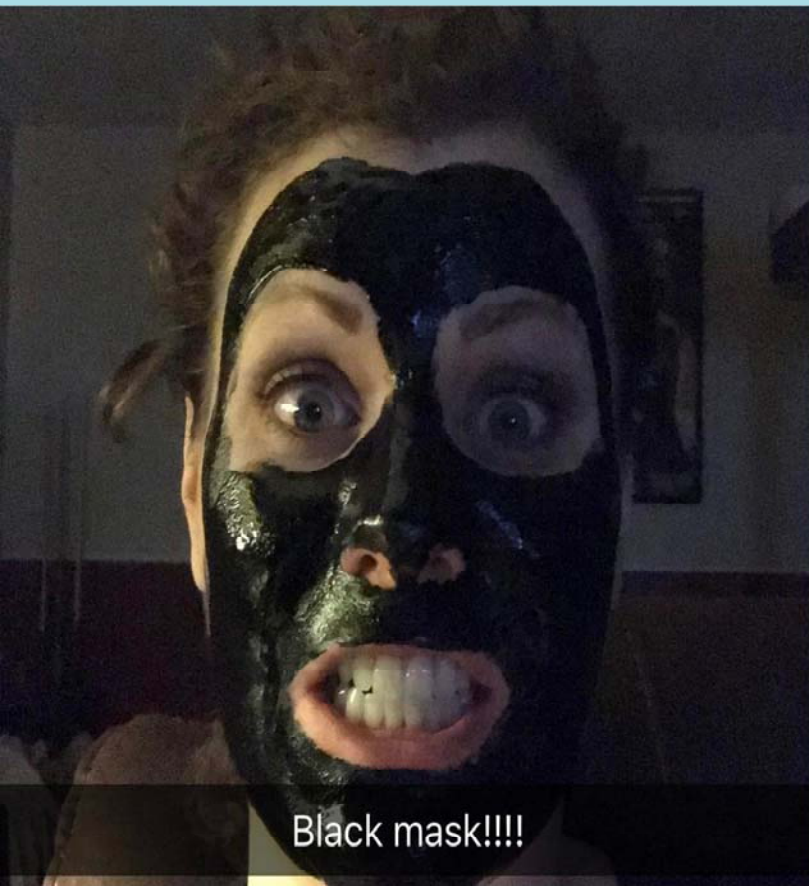

THANK YOU

Giving back to our community is a passion of all of ours at Pretty Hair Salon and we honestly could not do it without all of you. We have to thank everyone who came out to our Cut-A-Thon for Animal Friends. In 3 hours we were able to raise \$1000 for our furry friends! The animals thank you!

Product Review By Sarah

So we all have seen all those funny, horrific, confusing videos of people pulling off the black mask! Well I figured I would try it myself! I called around to different places to find the right mask because there are several out there. Sephora had the one I wanted called the Boscia Luminizing Black Mask. Not only does it pull the impurities out, but it helps to tighten, illuminate and clear the complexion. I myself have sensitive skin with roseacea, so I felt that if anyone would react good or bad to the mask it would be me. My skin was super soft and did wonders for my skin. The fun part was the actually the pulling off of the mask. The only downfall is that the mask does stick to the little hairs on your face. Keep clear of your brows and hairline and have fun!

Black mask!!!!
